 - **remove the hearts and stick a rondel with Powertex Red on both sides of the whole, use larger rondels for the big heart slices, smaller ones for the small heart slices (note opening diameter must be a few mm larger than the iron pin, otherwise you can not let float the slices later on)**
 - **let dry at least one day**

 - **sprinkle Stone Art on the wet layer and massage it to adhere to it, rub/remove stone art excess- then repeat same procedure reverse side of the slices**
 - **imbibe the wood socle with Powertex Red, let dry and repeat**
 - **make a handful of Powertex Red Clay - see procedure:**
<https://www.powertex.be/uploads/downloads/manualstoneartE.pdf>
 - **insert the heart slices in order over the iron pin, let them float by sticking an intermediate layer of clay around the pin between each heart, on which the hearts rest and can be put into shape, apply some Powertex at the interfaces for good adhesion**
 - **finish off with fake roses, put some Clay around the flower heart and stick them onto the hearts**
