

# TEXTURE & STRUCTURE

## FEELING & CONSTRUCTION

A TEXTURE IN THE FORM OF A SURFACE OR A SUBSTANCE  
EVOKES A CERTAIN SENTIMENT, SUCH AS SOFTNESS, RUDIDITY ...  
STRUCTURE IS DETERMINED BY THE COMPOSITION AND  
CONSTRUCTION OF 1 OR MORE MATERIALS / SUBSTANCES / ...

THEREFORE, THERE IS WHEN WE WANT TO CREATE AN ARTWORK  
1001 WAYS TO USE TEXTURE AND STRUCTURE  
TO OBTAIN SOME EFFECT / RESULT, EXCEPT THE SURFACE ON  
WHICH WE WORK PLAYS A GREAT ROLE, BUT ALSO THE WAY OF  
APPLICATION AND THE TOOLS THAT WE USE.

IF YOU HAVE AN IDEA OF 'RESULT' IN THE HEAD  
WHICH YOU WANT TO OBTAIN, IT IS USEFUL TO CONSIDER WHAT  
PRODUCTS AND TECHNIQUES ARE BEST TO USE  
IN ORDER TO ACHIEVE THE TEXTURE & STRUCTURE EFFECTS YOU  
HAVE IN MIND, WHICH TOOLS OR WORK MATERIALS TO USE, WHICH  
CONSTRUCTION ORDER TO FOLLOW, HOW TO APPLY THEM, ..  
EXACTLY ... IT IS ADVISEABLE TO MAKE A DRAW AND MORE OR LESS  
SEQUENCED WORK PLAN TO AVOID DISSAPPOINTMENT, AT THE SAME  
PAYING THOUGH NOT TO LOOSE YOUR FREEDOM OF CREATIVITY.
