

EASY STRUCTURE TEXTURE LAYER(S)

With the Powertex Easy Structure heavy body paste
you can create nice texture(s)

You can apply 1 or more layers
onto your surface
with a spatula, spoon, ...
eventually using stencils to create
additional texturing effects/designs.

There are plenty of possible different
TEXTURING, STRUCTURING, COLORING
techniques, mixed media products which you can combine
with this material.

Yes/No
on wet or dried
layering easy structure paste surfaces.
